

All of a Buzz project...

List of Previously Developed Sites in London

The All of a Buzz in the Thames Gateway project is extending its area across the London boroughs outside of the Gateway.

In order for us to achieve this we would appreciate it if you could find the time to look at the attached list of sites and let us know which have been developed, which have planning permission, and which have no current applications. This will allow us to maximise efficiency when planning visits for site assessments (for potential biodiversity). The list is arranged by Local Authority to make it easy for you to find the relevant subset of sites. We would also appreciate details of any site not mentioned on the list for which biodiversity information would be useful to you.

Please forward site information and any questions you may have to me at greg.hitchcock@buglife.org.uk

01733 201210

170A Park Road
Peterborough
PE1 2UF

Further information about Buglife and the All of a Buzz... project can be found at www.buglife.org.uk

All of a Buzz... is funded by the Countdown 2010 Biodiversity Action Fund through Natural England and the City Bridge Trust.
