

✿ HANDPRINT SMILEY SPIDER ✿

You will need:

- Coloured paper
- Paint suitable for hand printing & a brush
- Felt-tip pens
- Scissors
- String/wool
- Sellotape

1. Paint your hand and use it to make a hand print on the coloured paper

2. Turn the paper around and use the other hand to make another handprint, overlapping the palm area

3. Paint over any 'unprinted' areas and leave to dry

4. Use felt-tip pens to draw on eyes and a smile – you could use self-adhesive goggly eyes or stickers to make your eyes

5. Cut a circle out around your spider, attach string with tape and hang up!
