

Making a Worm Hat

Make your very own Worm Hat to wear at the worm charming competition.

What you will need:

- White A3 card
- Colouring crayons
- Scissors
- Googly eyes (with sticky backs)
- Sellotape

How to make your worm hat:

Cut a long piece of cardboard, long enough to fit around your head. Use curved lines to make a wiggly body for the worm.

Colour the worm and stick on a googly eye (think about the colours of different worms grey, green, red, pink and their body parts - don't forget the segments and the saddle).

Fix the hat with sellotape (make sure it is the right size for you head!)

You can be adventurous and add further decoration to your hat such as baby worm or leaves for the worm to eat.
