Invent an Insect competition

Draw your insect below!

What is your insect's name?

Where does it like to live?

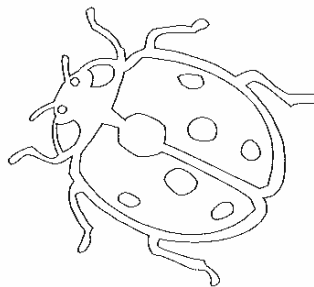

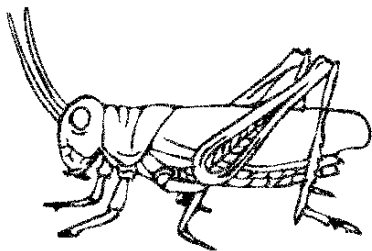

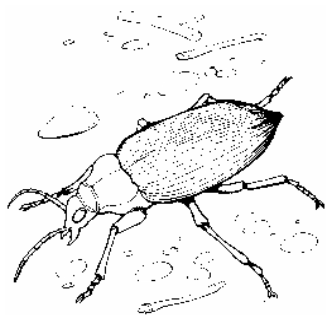

What does it eat?

Invent an Insect Competition

- **Invent an insect** (it must have 6 legs - apart from that, let your imagination run wild!)
 - draw it and colour it in or decorate it
- Fill in your answers to the questions about your insect
- Fill out the 'My Details' section (or ask a parent/guardian to)
- Ask a parent/guardian to sign the 'Parental Consent' section
- Send it to: **Buglife, Invent an Insect competition, 170A Park Road, Peterborough PE1 2UF** to arrive by 5pm **Friday 11th July**

The competition is open to children **under 13 years of age**. Winners will be notified by the end of July 2008. See www.buglife.org.uk for competition rules.

Insects are amazing – there are a huge variety of shapes, colours and types – everything from ladybirds to lacewings, and dragonflies to dung beetles! This is your chance to invent your very own insect – what would it look like? What shape and colours would it be? What would it be called? We are looking for interesting, unusual and eye-catching designs.

There will be 3 categories: **under 5's**, **5-8 year olds**, and **9-12 year olds** with some amazing prizes on offer including cool bug T-shirts – see the Buglife website for full details!

Prizes kindly donated by

Boden

My Details

Child's name
Age
Girl or Boy?
Email address
Telephone number
Address
Parental Consent
I am the parent/guardian of this child. I give permission for their insect design, their first name and town to be featured on the Buglife website and in Buglife publications.
