

SPARKLE WEB

You will need:

- Black paper or card
- Craft glue
- Glitter
- Newspaper

1. Draw a spider web pattern with glue on black card or paper – start by drawing a series of intersecting lines, then curved lines between them

2. Sprinkle glitter on the glue web. Gently shake the picture to remove excess glitter

3. Leave your picture to dry. Although we used glue straight from a glue bottle with a thin nozzle, you could 'paint' glue onto the card using a small paintbrush.
