

🕷️ GUMMY SPIDER COOKIES 🕷️

You will need:

- Black liquorice - cut to 5-7cm lengths (depending on how long you want the spider's legs to be!)
- Cream-filled chocolate sandwich cookies (we used Oreo's)
- A little icing sugar
- Mini-smarties or jelly-tots

1. Cut the chocolate biscuits in half along the cream so that the 2 sandwiched halves are separated

2. Mix a little icing sugar with water to make a thick sticky paste

3. Spread the icing with a knife on top of the cream

4. Place liquorice pieces on top, poking out of the biscuit from the centre, 4 on each side

5. Spread icing on the other half of the biscuit and place back on top

6. Spread a little icing on the back of 2 small sweets - we used jelly-tots

7. Place these on top of the biscuit at the front to make eyes

8. Leave for icing to set and enjoy eating!
